

BIO | SCIENCE

INDICATION:

All skin types.

TEXTURE:

Melting and silky oil.

DESCRIPTION:

A unique formula developed with natural lightening, antioxidant and regenerating oils designed to ensure the youth and vitality of the skin. Ideal for dull and tired complexions, the Radiance Oil utilizes the benefits of melatonin* to stimulate the natural antioxidant defenses of the skin during the night and repair the cellular damage caused by everyday aggressions such as UVs. An effective formula to protect and revitalize the skin with visible signs of aging associated with hormonal fluctuations such as during menopause, periods of high stress or sleep deprivation.

**Clinical studies have demonstrated that the olive oil-based vector system part of the Radiance Oil has the ability to optimize the absorption of melatonin in the deeper layers of the skin which allow for optimal results.*

RESULTS:

- The facial features can be more relaxed
- The complexion appears rested, revitalized and radiant
- With regular use, the appearance of wrinkles and fine lines diminishes
- The skin is smoother and softer to the touch
- The skin is better protected from daily external aggressions

DIRECTIONS:

In the evening, apply on perfectly cleansed skin. Massage gently until completely absorbed. Can also be used in the morning. For external use only. Avoid contact with the eyes.

MAIN INGREDIENTS:

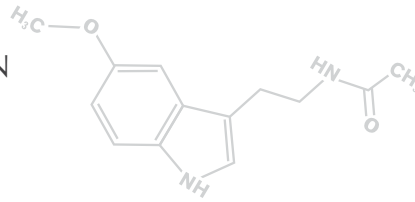

Melatonin, Organic Extra Virgin Olive Oil, Glycogen, Argan Oil, Evening Primrose Oil, Hydrolyzed Rice Protein

Radiance Oil
Repair, Renew and Revitalize
Your Skin Overnight!

ADDITIONAL INGREDIENT INFORMATION

Melatonin

- “Sleep hormone” naturally synthesized by the body and involved in the regulation of the circadian rhythm
- Powerful antioxidant, cytoprotective and anti-aging mitochondrial molecule
- Improves clinical signs of skin aging, cutaneous elastosis and roughness caused by stress and pollution
- Increases the natural production of antioxidant enzymes during the night and encourages the skin to trigger its antioxidant mechanisms.
- Helps repair cellular damage caused by UV rays
- Penetrates into the outer layer of skin, reinforcing the skin’s ability to repair, renew and revitalize itself during the night

Organic Extra Virgin Olive Oil

- Organic natural vector
- Rich in oleic acid and omega 3
- Emollient and softening, it helps improve the texture of the skin
- Moisturizing and nourishing

Argan Oil

- Extracted from the fruit of the Argan Tree also named Iron Tree
- Its richness in essential fatty acids, vitamin A, vitamin E and minerals give it soothing and antioxidant properties
- Moisturizing and calming, it helps to relieve and protect itching and irritation caused by dryness
- Particularly recommended for very dry and sensitive skin
- Nourishing and restructuring, it helps restore the suppleness and radiance of the skin
- Recognized for its powerful moisturizing, antioxidant and anti-aging properties

Evening Primrose Oil

- Revitalizing anti-aging active
- Relipidant effect due to its richness in linoleic and linolenic essential fatty acids
- Antioxidant, it helps to delay the signs of aging
- Emollient, nourishing and moisturizing, it helps soften the skin and improve its elasticity
- Particularly suitable for atopic and mature skin especially for menopausal or pre-menopausal women

Glycogen

- Patented polysaccharide
- Anti-UVB effect
- Inhibits the accumulation of free radical induced by UVB
- Boosts ATP production in the mitochondria
- Promotes the natural production of ceramides and hyaluronic acid
- Improves hydration and elasticity of the skin to reduce the appearance of wrinkles and fine lines

Hydrolyzed Rice Protein

- Hypoallergenic
- Improves and maintains cutaneous hydration
- Ensures smooth and supple skin that is soft to the touch
- Protects the skin from environmental aggressions and premature signs of aging
- Reduces the formation of wrinkles and fine lines
